

EDAPP USER GUIDE

What is EdApp?

- Microlearning training tool that incorporates:
 - Rapid Refreshers
 - Courses
 - Interactive mini lessons with gamification
- Download the mobile app to your mobile device, or use the web app to complete training on your desktop or laptop computer
- Upon course completion, download a certificate to have for your own records.

EDAPP USER GUIDE

Click the Menu Icon to see all user tabs

Courses: Dashboard housing all available training content.

My Profile: Change your password, view achievements and change App language here.

Leaderboards: Complete courses and earn points, then see where you stand in the rankings of others taking this training.

My Performance: View all courses that you completed or have yet to complete.

When you are assigned a Course or Playlist:

- Access the course from your Course dashboard.
- Click on the course you would like to complete, then access the lessons within that course.
- Each EdApp lesson provides detailed information and incorporates dynamic visuals and fun quizzes to help you learn about our homeownership programs and to help you retain the information.

How it works:

- You will begin with an Introduction to NDHFA and our Purchase Assistance Programs (Start and DCA), and then move through a seven-part series for the FirstHome program.
- HomeAccess and North Dakota Roots courses will be added in April 2022.
- While, EdApp courses will replace the videos that were available on the Lender Dashboard on NDHFA's website, they will not replace our face-to-face training
