What Else Can I Do?

NDHFA's website allows borrower's to make:

- Schedule Recurring Mortgage Payments - a payment that will be automatically withdrawn from your designated bank account every month.
- One-Time Payment - this payment occurs only one time and you must initiate the payment for it to be made, it isn't automatic. You can use this option to make a mortgage payment, an extra principal payment, or a payment to your escrow account.

The pages that follow will walk you through the steps to make both of these online payments.
