SECTION 1: INTRODUCTION

North Dakota Housing Finance Agency (“Agency”) is responsible for the administration of the Low-Income Housing Tax Credit (“LIHTC”) Program for the State of North Dakota. Agency developed a Qualified Allocation Plan (“Plan”) defining the process by which it will distribute housing tax credits. The LIHTC program is regulated by the U.S. Internal Revenue Service Code (“Code”) section 42. Applicants must understand this Plan and follow all its provisions precisely.

SECTION 2: GENERAL PROVISIONS

Agency may modify or waive any condition of this Plan, which is not mandated by the Code, on a case-by-case basis.

For purposes of this Plan, the term Developer is the individual or entity to which the developer fees are paid for promoting the project (“Developer”). The Developer may or may not be the Applicant. The Applicant is either the owner of the project or the entity that has controlling interest in the ownership entity (“Applicant”) (i.e. the general partner, managing member).

- A. **Discretion:** In administering the LIHTC and other rental housing programs, Agency will make decisions and interpretations regarding applications and the Plan. Unless otherwise stated, the Agency is entitled to the full discretion allowed by law in making all such decisions and interpretations.
- B. **Basis Boost:** Non-acquisition eligible basis may be increased by 30% for projects meeting any of the following conditions.
1. The project is entirely located within a HUD-designated Difficult Development Area (DDA).
 2. The project is entirely located within a HUD-designated Qualified Census Tract (QCT).
 3. The project meets one of the following Agency designations:
 - The project is designed to primarily serve special needs populations, (i.e. homeless or those requiring permanent supportive services).
 - The project targets 20% or more of the units at 30% of area median income or less.
 - The project is entirely within the bounds of tribal land (either held in trust or fee-simple), including the Trenton Indian Service Area.
 - The project entails new construction on in-fill lots with existing structures which either need to be demolished or require substantial environmental remediation.
 - The project is entirely located within a rural area without sufficient soft financing to be financially feasible in low market-rent areas. Proposed rents, including utility allowance, must be the lesser of current Fair Market Rents, as published by the U.S. Department of Housing and Urban Development (“HUD”), or a minimum of 20% below LIHTC rent ceilings, either of which will be enforced through a land use restriction agreement (“LURA”). Developments with a project-based federal rent subsidy are not eligible.
 - The project is entirely located within an Opportunity Zone, as defined in Section 1400Z-1 of Code.

Applicants must provide a narrative explanation justifying the need to increase the eligible basis. Basis boost is not available on 4% acquisition LIHTCs. The potential basis boost under paragraph 3 herein does not apply to tax-exempt bond financed projects. The potential boost to non-acquisition basis under paragraphs 1 and 2 herein does apply to tax-exempt bond financed projects.

- C. **Maximum Developer Fee:** Developer fee will be limited to 15% of the project's eligible basis. Fees paid to consultants as well as fees the Developer charges will be included in this limitation. The Developer fee for the acquisition portion of an acquisition/rehabilitation project shall not exceed 5% of acquisition basis. The fees of all parties with an Identity of Interest with the Developer in the project will be taken into consideration when calculating the Developer's maximum fees. When the Developer and the contractor are the same or related entity, in addition to the fee limits stated above, the combined sum of Developer fee and contractor fees may not exceed 20% of eligible basis. All Developer fees exceeding the established maximums will not be included in the eligible basis. Applications for 4% credits will be limited to 20% of the project's eligible basis with the combined sum, described above, limited to 25%. Any developer fee over 15% must be deferred.
- D. **Maximum Contractor Fees:** Contractor fees may not exceed the following limits:
1. Contractor's Profit, 6% of hard construction costs.
 2. Contractor's Overhead, 2% of hard construction costs.
 3. General Requirements, 6% of hard construction costs.
- Fees in one area may exceed the stated percentage if other areas are not at their maximum, so long as they do not exceed 14% collectively.
- E. **Average Income (AI):**
1. Projects with multiple residential buildings must answer "Yes" to question 8b on IRS Form 8609, thereby designating the development as a multiple building project.
 2. AI is not available on resyndication projects which will not have completed their original Extended Use Period prior to the Credit Period Start Date for a new LIHTC Award.
 3. Tax-exempt bond financed projects electing AI for LIHTC must also elect a minimum set-aside for the tax-exempt bond financing.
 4. Unit Designations within an AI project shall be floating and not fixed to specific units.
- F. **Extended Low-Income Housing Commitment:** Prior to a final allocation of LIHTCs, the owner must waive their right to request a qualified contract under Code (IRC § 42(h)(6)(F)) and enter into an Extended Use Agreement which requires the owner and any successors to meet the applicable fraction of low-income occupancy for an extended use period of at least 15 years beyond the initial 15-year compliance period. The owner must record this agreement as a restrictive covenant.
- G. **Compliance Monitoring:** Agency will monitor all LIHTC projects through the end of the Extended Use Period. A copy of the Agency LIHTC Compliance Manual is available on the [Agency's website](#) and is incorporated herein by reference.

Applicants, Developers, and Property Managers must remain in compliance with LIHTC program guidelines throughout the agreed upon extended use period. An Applicant, Developer, or Property Manager involved with an existing project that Agency determines is significantly out of compliance may not participate in new LIHTC projects until the issues are resolved to Agency's satisfaction. Relevant noncompliance includes both federal and state imposed LIHTC requirements (e.g. improperly funded reserves, unpaid fees, not meeting scoring criteria previously promised), as well as noncompliance within any other Agency funded or administered programs.

1. Agency will charge each project an annual monitoring fee, currently set at \$50 per project plus \$40 per LIHTC unit. Projects with multiple buildings located in different municipal jurisdictions shall pay a fee of \$50 per municipal jurisdiction plus \$40 per low-income unit. Agency may adjust the annual fee and assess additional fees to a project in substantial noncompliance to cover added costs of monitoring.
2. Approximately 120 days before placing a project in service, the owner must request and hold a meeting with the individual(s) responsible for processing tenant income certifications and/or approving tenant files;

the property management company; Agency compliance and development staff; and other providers of project funding which impose income or other restrictions on the project. The purpose of the meeting is to ensure all parties are aware of all applicable restrictions prior to any lease-up activities.

3. Prior to issuance of the IRS Form 8609, the owner and on-site managers must attend or document that they have recently attended industry recognized training on management and compliance. Agency may require further follow-up training following significant or repeated noncompliance events.
- H. **Maximum Credit Limit:** No one project will be eligible to receive a conditional Reservation for more than an aggregate 34% of the annual LIHTCs available other than in the following circumstances:
1. If during the regular allocation cycles, the only requests remaining are from Applicants that have not reached the Maximum Credit Limit.
 2. If, after the regular cycles, there are recaptured or unallocated LIHTCs, they may be allocated without regard to the Maximum Credit Limit.
 3. At Agency's discretion to address an emergent need.
- I. **Discrimination:** All housing receiving LIHTCs must be open to all persons regardless of race, color, national origin, religion, creed, sex, disability, or familial status.
- J. **ADA, 504 and Fair Housing Acts:** Properties containing facilities that are available to the public must meet the Americans with Disabilities Act (ADA) requirements and, if federal assistance is involved, must also comply with Section 504 of the Rehabilitation Act of 1973. The property must also comply with the Fair Housing Amendments Act of 1988.
- K. **VAWA:** All housing receiving LIHTCs must comply with the provisions of the Violence Against Women Reauthorization Act of 2013 (VAWA 2013). Guidance available on the [Agency's website](#).
- L. **Tenant Protections:** The ownership entity and management agent shall:
1. Expressly include reasonable accommodation in the application for tenancy.
 2. Not ask applicants/residents for medical or other protected information unless and only to the extent legally necessary.
 3. Use standard leases with the same rights available to, and responsibilities expected of, all households, including duration of tenancy.
 4. Ensure participation in any supportive services is entirely voluntary.
 5. Not give a preference based on either disability type, actual or perceived, or being a client of a particular provider.
- M. **Reserve Accounts:** Each reserve account identified in this section must be accounted for separately within the project owner's accounting records and held at a federally insured financial institution or the Bank of North Dakota. All projects shall maintain and regularly fund Replacement Reserve account through the Extended Use Period. The Replacement Reserve requirement for projects primarily designed for:
1. Seniors will be no less than \$350 per unit per year, inflated at 3% annually.
 2. General occupancy will be no less than \$400 per unit per year, inflated at 3% annually.
- This account shall not be used for routine maintenance and upkeep expenses or for operating expenses. Project owners must provide Agency with a record of all activity in the Replacement Reserve account during the prior fiscal year in conjunction with submission of the project's annual compliance monitoring materials. The ownership entity agreement must require that the Replacement Reserves may only be used for the funding of capital expenditures and replacement of building and site components and may not be distributed to owners or partners prior to the end of the Extended Use Period.

All projects shall establish and maintain, until the project has achieved a minimum of five years of stabilized operations, an Operating Reserve equal to a minimum of six months of projected operating expenses, must-pay debt service payments, and annual Replacement Reserve payments. This requirement can be met with an up-front cash reserve or a personal guarantee from the developer/general partner with a surety bond to stand behind the personal guarantee.

Projects which have committed to including a Rent Rebate for Homeownership program for its tenants shall be required to include within the ownership entity agreement details regarding the maintenance and funding of a Rent Rebate Reserve.

If not already maintained by the Project's mortgage servicer, an Escrow Reserve shall be maintained and regularly funded.

- N. **Tax-Exempt Financed Projects:** Project applications with tax-exempt bond financing are subject to all requirements of this Plan except for the score requirements listed in Section VII of this Plan.
- O. **Identity of Interest:** The Applicant must disclose all relationships, generally based on financial interests or family ties, with others involved in the project. This disclosure is required for all parties which:
 1. Have an ownership, development, or financial interest in the project, excluding limited partners with less than a 15% ownership interest.
 2. Have current or future management control of the project.
 3. Have any current or contingent financial or management liability for the project, including guarantees, letters of credit, takeout agreements, or support agreements.
 4. Are involved in the project and have been debarred from any North Dakota program, other state program or any federal program.

This disclosure requires the names and addresses of all parties, including corporate officials, if applicable. Forfeiture of the reserved LIHTCs may result if this information is not adequately disclosed, or if the information changes.

- P. **Disclosure of Interest:** The Applicant must disclose the names and addresses of all parties, including corporate officials, that have a significant role in the project, including but not limited to the general contractor, all subcontractors whose aggregate contract will exceed 10% of the cost of the project (excluding the acquisition of land), accountants, architects, engineers, financial consultants, and any other consultants.
- Q. **Notice to Local Jurisdiction:** If required under federal law, the Agency will notify the jurisdiction where the project will be located after application submission. Agency may utilize any responsive comments in its decision-making process.

SECTION 3: TYPES OF DEVELOPMENTS

- A. **Substantial Rehabilitation:** The minimum average rehabilitation threshold of \$15,000 per restricted unit in hard construction costs.
 1. Agency may waive the minimum average rehabilitation threshold requirement if a Capital Needs Assessment supports a lower rehabilitation requirement.
 2. Projects involving rehabilitation or adaptive reuse must, upon completion, comply with the Agency [Minimum Housing Rehabilitation and Property Standards \(Property Standards\)](#), which are hereby incorporated into this Plan by reference. Rehabilitation projects, including adaptive reuse, must, at a minimum, cure all deficiencies identified in Section XV of the Property Standards upon completion. For projects which include acquisition and/or rehabilitation of occupied housing, any life-threatening health and safety deficiencies, as defined in the Property Standards, must be corrected immediately.

B. **Ineligible Projects:** Most residential projects qualify for tax credits. Ineligible projects include transient housing (i.e. housing leased for less than 6 months); projects of 4 units or less which are occupied by the owner or a relative of the owner; nursing homes; life care facilities; and mobile home communities.

Assisted Living: Assisted living, or projects serving a similar purpose, are not eligible under this Plan.

Agency may reject an application for detrimental characteristics on or adjacent to the proposed project site unless a satisfactory remediation plan and budget are provided. Unsuitable sites include, but are not limited to, those that:

1. Are within ½ mile of airports, industrial properties, pipelines, hazardous waste disposal or storage sites, sewage treatment plants, sanitary landfills, commercial junk or salvage yards, wastewater treatment facilities.
2. Are within 500 feet of frequently used railroad tracks, electrical substation, power transmission lines or towers.
3. Have unsuitable slope, terrain, or physical barriers.
4. Are in a flood hazard area or wetlands.

SECTION 4: APPLICATION PROCESS

9% Credits:

Agency forms must be used to apply. The following are the Agency’s anticipated application round(s). Additional application rounds shall be published at the sole discretion of the Agency.

Application Round	Application Closing Date	9% Credits to be Allocated
1	September 30, 2024	\$3,185,000 plus any additional amounts

A fully executed and complete Multifamily Application, including all required application attachments, must be received by the Agency by 5:00 p.m., CT, on the Application Closing Date of any Application Round to be eligible for consideration in that Application Round.

Applications selected for funding will be given a Conditional Commitment which will detail specific requirements needing to be satisfied for the Agency to Reserve to credits for the Project.

4% Credits:

Proposals for bond financed projects with an allocation of 4% credits may be submitted to Agency at any time between January 1st and August 31st.

SECTION 5: THRESHOLD REQUIREMENTS

When an application is received and its corresponding Application Processing Fee has been verified as collected by the Agency, the application shall be issued an application number and reviewed for eligibility to be scored. To be eligible for scoring, an application must be fully executed, fully completed, and satisfy each Threshold Requirement detailed within this section.

An Applicant may request an exemption to the requirement of attaching a CNA to the application if there are other funding sources for the project which would, due to the timing, require additional costs or multiple reports. Any such exemption must be received from NDHFA prior to and included within the project’s application. If granted such an exemption(s), the application will not be subject to a scoring deduction for the exempted requirement(s); however, the report(s) are required prior to the issuance of a Financial Award to the Applicant.

- A. **Application:** NDHFA’s currently published Multifamily Application must be fully completed and executed. All applicable Exhibit’s to the application must be fully completed and submitted.
- B. **Demonstrated Site Control:** Evidence the Applicant, or Applicant’s affiliate, currently has, and is contractually able to maintain throughout the entirety of the application period, site control of the entirety of the project’s anticipated scope. An as-developed site plan must accompany the application.
- C. **Zoning, Codes, and Ordinances:** Evidence of current appropriate zoning for the entire scope of the proposed project. If current zoning does not comply, verification from the jurisdiction-having municipal office verifying, at a minimum, a preliminary review of the project’s plans and proposed land use complies with the zoning type being sought.

Upon completion, the Project must meet all applicable State and local codes, ordinances, and requirements as applicable, or, in the absence of a State or local building code, the International Residential Code, International Building Code (as applicable to the type of structure), or the International Existing Building Code (for rehabilitation projects) of the International Code Council.

- D. **Infrastructure and Utility Availability:** Evidence must be provided that appropriate infrastructure (i.e. roads, curb, gutter, etc.) and utilities (i.e. water, sewer, electricity, natural gas, Broadband Infrastructure, etc.) are in-place, or are able to be put in-place, and have adequate capacity to absorb the proposed project. Examples of evidence include letters from the applicable utility companies and the city official.

Projects must install Broadband Infrastructure to all units and common area community rooms. A letter from the project architect confirming the inclusion of Broadband Infrastructure is within the project’s plans shall be included.

Broadband infrastructure is defined as cables, fiber optics, wiring, or other permanent and integral infrastructure, including wireless infrastructure, resulting in broadband capability meeting the Federal Communication Commission’s (FCC) definition in effect at the time the pre-construction estimates are generated. Currently, the FCC defines broadband speeds as 25 Megabits per second (Mbps) download and 3 Mbps upload.

If all required infrastructure is not currently, or will not be, available on the proposed site(s), or on land directly adjacent to the proposed site(s), as of the Application Closing Date, a letter from the local jurisdiction must accompany the application confirming that no adequate infill opportunities exist within the community.

- E. **Development Team:** Application must demonstrate, to the satisfaction of the Agency, all members of the team have the experience, ability, and financial capacity, in their respective roles, to develop, construct, own, operate, manage the project, and are familiar, and prepared to fully comply, with this program’s requirements.

9% or 4% LIHTC:

1. Applicants new to LIHTCs must partner with a developer, sponsor, and or consultant included in a development team which received a LIHTC allocation from a federally approved allocator for a specific project and has placed that project in-service within the prior five years.
2. An Applicant who has not yet placed a LIHTC project in-service in North Dakota will be ineligible to submit a subsequent application for an additional project until the initial development is, at a minimum, under construction and proceeding on schedule.

HOME or HTF:

3. Application including the use of HOME and/or HTF funding shall include a copy of the Applicant’s currently Active Registration on Sam.gov.
4. Application should demonstrate the proposed team’s experience with, or working knowledge of, all federal cross-cutting requirements including, but not limited to, Section 3, Women-owned and Minority-owned Business Enterprise contracting practices, Davis-Bacon and related acts, environmental review, Section 504 and ADA requirements, lead-based paint mitigation, Uniform Relocation Act, and property condition requirements.

Applications including any of the development team with limited experience in the development, construction, ownership, and/or management of an affordable Multifamily Project are encouraged to partner with an experienced developer, party, and/or sponsor. Agency may require the Applicant to provide historical financial statements as deemed necessary.

An Applicant who has not yet placed a project in-service in North Dakota will be ineligible to submit a subsequent application for an additional project until the initial development is, at a minimum, under construction and proceeding on schedule.

Applicants who have been convicted of, entered an agreement for immunity from prosecution for or have pleaded guilty, including a plea of nolo contendere, to a crime of dishonesty, moral turpitude, fraud, bribery, payment of illegal gratuities, perjury, false statement, racketeering, blackmail, extortion, falsification, or destruction of records are ineligible. Applicants who have been debarred from any North Dakota program, other state program or any federal program are ineligible. Agency may determine Applicants having an Identity of Interest with any debarred entity are ineligible.

Agency may inquire to other state allocating agencies about the Applicant's or Developer's performance history. Negative performance may result in the application being ineligible.

- F. **Ownership:** The Applicant must be either the owner or developer of the project. If the Applicant intends to sell or transfer the project within five (5) years from the application date, the Applicant must disclose the intent to sell or transfer the project and, if known, the names and backgrounds of those who will purchase or receive the project. Failure to provide this information may result in forfeiture of any Conditionally Committed or Reserved LIHTCs.

Credits are Allocated to the proposed project's Owner. A sale or transfer of a controlling ownership interest of the Owner prior to issuance of the Final Allocation requires an amended application, Agency approval and payment of a nonrefundable transfer fee of \$2,500, or 1% of the annual credit amount currently Allocated to the Owner for the proposed project, whichever is greater. Payment of this fee does not oblige the Agency to approve the transfer.

- G. **Financial Projections:** NDHFA's currently published Multifamily Application Exhibit A, must be submitted in Excel format. All applicable tabs must be fully completed.

The reasonableness of development costs and operating expenses, in relation to other similar developments, will be assessed when the Agency evaluates a project's financial feasibility.

The Agency reserves the right to decline any application if, during underwriting, the project is determined to have a Hard-Debt-Service Coverage Ratio, or Expense Coverage Ratio for a project which proposed no hard-debt, less than 1.10.

- H. **Subsidies:** The application package must include a signed certification as to the full extent of all federal, state, and local subsidies expected to apply to the project.

- I. **Public Housing Waiting List:** The application package must include a copy of a written communication from the Applicant to the applicable public housing authority (PHA) describing the proposed project. The Applicant's communication shall include a commitment to communicate project completion and work directly with the PHA during the proposed project's lease-up in an attempt to house households on PHA waitlist(s) and granting waitlisted households' priority in obtaining occupancy within the project.

- J. **Housing Need:** Applications must include a comprehensive market study of the housing needs of low-income individuals in the market area to be served by the project. The market study should be completed at the Developer's, or affiliate of the Developer, expense by an acceptable disinterested party to the Agency.

The market study must demonstrate there is sufficient sustained demand in the market area to support the proposed development, and that the development of any additional affordable units will not have an adverse impact on the existing affordable units in the market area. The market study must have been completed within six (6) months of Application Close Date and must contain the National Council of Housing Market Analysts' (NCHMA) current model content standards unless the Agency authorizes deviation from these standards.

- K. Capital Needs Assessment:** A Capital Needs Assessment (CNA) must be submitted with all application packages involving rehabilitation, adaptive reuse, or acquisition of an existing building which will, in-whole or in-part, remain an asset of the project.

The CNA must be completed by a competent, independent third party acceptable to the Agency, such as a licensed architect and/or engineer. The assessment must include a site visit and a physical inspection of the interior and exterior of all units and structures, as well as an interview with available on-site property management and maintenance personnel to inquire about past repairs and improvements, pending repairs, and existing or chronic physical deficiencies.

The assessment must consider the presence of environmental hazards such as asbestos, lead paint and mold on the site. The assessment must include an opinion as to the proposed budget for recommended improvements and should identify critical building systems or components that have reached or exceeded their expected useful lives. If the remaining useful life of any component is less than fifty percent (50%) of the expected useful life, immediate rehabilitation will be required unless capitalized. If the remaining useful life is less than the Affordability Period, the application package must provide a practical way to finance the future replacement.

The assessment must also include a projection of recurring probable expenditures for significant systems and components impacting use and tenancy, which are not considered operation or maintenance expenses, to determine the appropriate replacement reserve deposits on a per unit per year basis. The assessment will examine and analyze the following:

1. Site, including topography, drainage, pavement, curbing, sidewalks, parking, landscaping, amenities, water, sewer, storm drainage, gas and electric utilities and their lines.
2. Structural systems, both substructure and superstructure, including exterior walls and balconies, exterior doors and windows, roofing system, and drainage.
3. Interiors, including unit and common area finishes (carpeting, tile, plaster walls, paint condition, etc.), unit kitchen finishes, cabinets and appliances, unit bathroom finishes and fixtures, and common area lobbies and corridors.
4. Mechanical systems, including plumbing and domestic hot water; HVAC, electrical, lighting fixtures, fire protection, and elevators.

Application packages involving the demolition and new construction replacement of existing housing units must demonstrate the benefit of such activity over rehabilitation, including an opinion of cost of rehabilitation to assist Agency to determine the cost savings and/or other benefits.

- L. Appraisal:** Applicant must provide a written acknowledgement confirming the Applicant's requirement to provide an appraisal of the subject property associated to the application if any of the following are proposed or, prior to closing, include:

1. Acquisition costs exceeding 15% of the Total Development Costs
2. Any source of Project-Based Rental Subsidy
 - a. Projects proposing the acquisition of land held in a Tribal Trust and are proposing a source of Project-Based Rental Subsidy from HUD's Office of Native American Programs (ONAP) shall be exempt from producing an appraisal prior to equity closing so long as all necessary parties concur with the omission of an appraisal for purposes of any Subsidy Layering Analysis.

- M. USDA Financing:** An application proposing the inclusion of new or existing USDA debt must include written confirmation from the regional USDA officer which verifies any progress made on an initial transfer request and/or the approval of any proposed debt additional to the existing USDA debt, and any associated lien to the debt, proposed.

- N. Self-Scoring:** The Applicant must provide a self-scoring narrative indicating the number of points being sought in each scoring category. The narrative should be brief but also explain the Applicant's justification(s) for the points being sought.

Agency will review application packages completeness prior to scoring. Applications missing any Threshold Requirement(s) after an Application Cycle’s Closing Date will have a reasonable time to submit the missing Threshold Requirement(s); however, a *2-point scoring deduction* will be assessed for each missing Threshold Requirement.

Applications may be submitted to the Agency during the calendar month prior to an Application Cycle’s Closing Date for a one-time pre-review and feedback by the Agency. Applications received by the Agency within the calendar month of an Application Cycle’s Closing Date will be considered an Initial Application.

Agency may reject an application if:

1. The qualified basis per square foot exceeds 110% of the median qualified basis per square foot of selected projects in the previous two years.
 - Maximum qualified basis per square foot: \$312.40
2. Unit size exceeds the square feet of living space (excluding garages and, in multi-level Single-family Style Structures, interior stairwells) per unit. The Agency may consider basis for special circumstances such as adaptive reuse projects limited by the existing architecture of the building.

	Multi-Level Single-family Style	Multifamily Style
1 bedroom	1,150	862
2 bedroom	1,250	1036
3 bedroom	1,514	1,335
4 bedroom	1,686	1,460

SECTION 6: APPLICATION AND ALLOCATION FEES

Application Processing Fee: Remittance of a nonrefundable Application Processing Fee, payable to “North Dakota Housing Finance Agency,” in the amount of \$500 shall be received by the Agency prior to 5:00 p.m., CT, on any Application Closing Date for its corresponding application to be reviewed for eligibility and/or considered for funding within any competitive funding round.

- A. For applications of 4% LIHTC received outside a competitive funding round, the Application Processing Fee shall be remitted by the Applicant to the Agency upon the Applicant’s submittal of an Intent to Apply and shall be received by the Agency prior to any consideration of funding.

Allocation Fee: Successful applications will be assessed a nonrefundable Allocation Fee, totaling 10% of the LIHTC Allocation and shall be due and payable as follows:

- A. Installment 1: Reservation: A Reservation Fee of 1% of the LIHTC Allocation shall be paid to the Agency prior to the Reservation of LIHTC(s) for the Project.
- B. Installment 2: Carryover: Projects not able to have all 8609(s) issued prior to December 15th of the LIHTC(s) allocation year shall pay to the Agency a Carryover Fee of 1% of the LIHTC Allocation prior to the Agency’s execution of any Carryover Allocation Agreement.
 - For Projects with tax-exempt bonds, Installment 2 shall be due upon issuance.
- C. Installment 3: Final Allocation: The balance of the Allocation Fee is due prior to the Agency’s issuance of any 8609(s).

SECTION 7: PROJECT RATINGS

Applications must receive a minimum of 55 points as determined by the Agency to be eligible for further consideration. Based on ranking, projects will be selected for Conditional Commitment. In the case of a tie between two or more projects, the project requiring fewer LIHTCs per unit will be selected first. Representations made by Applicants will be binding and will be reviewed during ongoing compliance monitoring.

A. Serves Lowest Income Groups

Up to 45 points

Points will be awarded to projects with a minimum percentage of units having gross rents based upon 50% or less of AMI. For purposes of this scoring category, gross rent is defined to include the tenant portion plus utility allowance.

Percent of Median Income on Which Gross Rent is Based

50% AMI		40% AMI		30% or less AMI	
<u>% of Total Units</u>	<u>Points</u>	<u>% of Total Units</u>	<u>Points</u>	<u>% of Total Units</u>	<u>Points</u>
20%+	10	20%+	15	50%+	45
10%<20%	5	10%<20%	10	40%<50%	40
5%<10%	4	5%<10%	5	30%<40%	30
1%<5%	3	1%<5%	2	20%<30%	20
0%<1%	0	0%<1%	0	10%<20%	10
				0%<10%	0

All fractions of units are rounded up (i.e. 10% of 24 units is 2.4 or 3 units).

B. Redevelopment and Revitalization

5 points

A project will receive 5 points if it meets one of the following conditions:

1. The project is located on a site considered by the Agency to be a previously developed property.
2. The project is in a QCT or city revitalization area established by resolution or other legal action by the city, and the development of the project contributes to a concerted community revitalization plan, including a Main Street Initiative plan. For purposes of this Plan, a concerted community revitalization plan is defined as a locally approved revitalization plan targeting specific existing areas or neighborhoods within the community for housing and economic development including the infill new construction or rehabilitation of housing. To qualify, the plan must be officially adopted by the local governing body, identify a specific time period, and apply only to a defined geographic area within the community. Local housing needs surveys, consolidated housing or economic development plans, short-term work plans, municipal zoning, or land use plans, or plans which are so broad as to encompass the entire community or so narrow as to encompass only the project's subject property do not qualify under this definition.
3. The project is entirely located within an Opportunity Zone, as defined in Code Section 1400Z-1.

Adaptive reuse projects are eligible for points under this scoring category. Rehabilitation of existing habitable and occupied housing is not.

C. Historic Properties

4 points
