

HOME-ARP QUARTERLY REPORT
COMMUNITY HOUSING AND GRANTS MANAGEMENT DIVISION
SFN 62559 (10/24)

Reports are due by the 15th of the month following the end of the quarter.

All reports will be submitted via email through hfahomelessprograms@nd.gov. There will be reminder emails sent out by North Dakota Housing Finance Agency (NDHFA) staff, when reports are coming due.

Data is broken out by housing status (i.e., Homeless Households and Non-Homeless Households). If, for example, a household was experiencing homelessness in one quarter but then became housed and continued receiving Supportive Services in the next quarter, the household should be counted under "Supportive Services-Homeless Households" in the first quarter and under "Supportive Services-Non-Homeless Households" in the next quarter.

The grantee is required to collect data on the following elements:

Total: This is the total number of households served in this quarter.

New Households: This is the number of households who were served in this quarter but who were not served in the previous quarter. For the first quarter in which the PJ is reporting, the number of "New Households" will be automatically populated to match the "Total." This is because all households are being served for the first time in the first quarter.

Veteran: A household with any Veteran member

Hispanic: The number of Hispanic households served.

Race: (The sum of the sub-categories below must be equal to or less than the "Total")

Household Size: (The sum of the sub-categories below must be equal to or less than the "Total")

Household Type: (The sum of the sub-categories below must be equal to or less than the "Total")

If no beneficiaries were served for a particular quarter, the grantee should enter "0" for Total Households served that quarter.

Dates

SUPPORTIVE SERVICES HOMELESS HOUSEHOLDS								Race					
Total	New Households	Veteran	Hispanic					White	Black	Asian	American Indian/Alaskan Native	Native Hawaiian/Pacific Islander	Other/Multi-Racial
Household Size								Household Type
